**Silver Metallic<sup>2,4</sup>**  
 TSR: 55 • E: 0.71 • SRI: 59

**Pre Weathered Galvalume<sup>2,4</sup>**  
 TSR: 34 • E: 0.75 • SRI: 31

**Copper Metallic<sup>2,4</sup>**  
 TSR: 45 • E: 0.87 • SRI: 51

#### Also Available:

- Zinalume Plus<sup>®</sup> (acrylic coated Galvalume<sup>®</sup>)

#### Custom Colors and Small Quantities:

- Available in quantities to a minimum of 1000 lineal feet

#### Notes:

- <sup>1</sup> ENERGY STAR qualified products steep slope
- <sup>2</sup> Standard mica metallic colors with a modest premium
- <sup>3</sup> Additional lead-time and cost may apply
- <sup>4</sup> LEED qualified products

#### Oil Canning:

All flat metal surfaces can display waviness or "oil canning" due to standard mill tolerances. Inherent variations in the substrate surface may affect appearances.

*Manufacturers limited paint warranty available at time of purchase.
